

DFM MARKETING CO.

Company Profile

DFM MARKETING CO.

What We Are

The DFM Marketing Co. is a Distribution & Engineering Solutions company composed of different business units in:

- Semiconductor/Electronics
- Homes & Commercial
- Medical
- Laser Technology
- We combined all 4 business units to offer solutions to all of our clients.

DFM MARKETING CO.

A Distribution and Engineering Solutions Company

Our Vision

DFM Marketing Co., aspires to be the centre of excellence in supply, engineering solutions and services to semiconductor & electronics, laser technology, homes & commercial and medical industry.

DFM MARKETING CO.

A Distribution and Engineering Solutions Company

Our Mission

DFM Marketing Co. company's mission: Differentiated innovation: To have meaningful impact on our customers' businesses. Customer-centric. We will provide a flexible and practical approach to customer requirements. Delivering what our customers need, when they need it, is the primary mission. We are committed to make our customers successful in their business, as the basis for long-term success in our business.

CORE VALUES

DIFFERENTIATION **F**LEXIBILITY **M**AKES OUR CUSTOMERS SUCCESSFUL

Differentiated innovation:
We have meaningful impact on our customers' businesses.

Customer-centric.
We provide a flexible and practical approach to customer requirements.

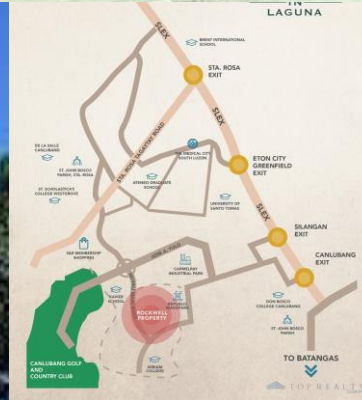

Delivering what our customers need, when they need it, is the primary goal of DFM. We are committed to make our customers successful in their business, as the basis for long-term success in our business.

ABOUT DFM MARKETING CO.

Who We Are

- Established in the Year 2018 as single proprietorship & just recently registered in SEC of well experience engineers in the industry
- A Distribution and Engineering Solutions Company
- 28 years of solid experience in semiconductor, international trade and laser technology

DFM MARKETING CO.

A Distribution and Engineering Solutions Company

**Semiconductor & Electronics
And
Laser Technology**

Laser Technology

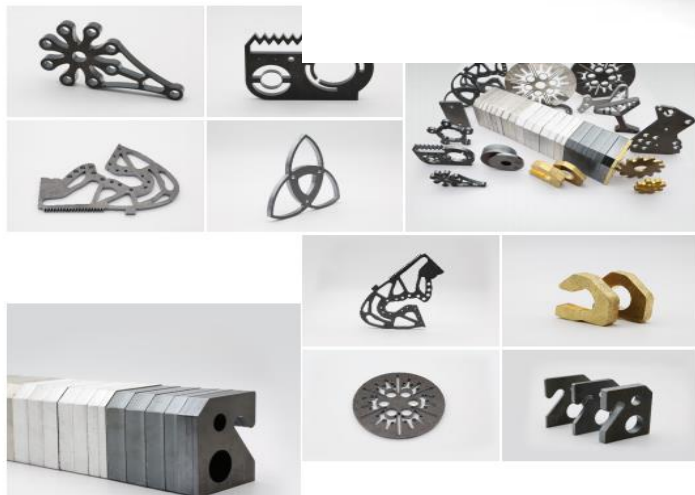

Our portfolio contains the right machine to meet any requirement, regardless of the type of sheet metal you need to process. We provide targeted advice when choosing between CO₂ and solid-state lasers and will be glad to find the best, most cost-effective solution for you. Your application is the key factor determining which machine is the right one for you. However, we don't just focus on cutting times: we also strive to optimize upstream and downstream laser cutting processes. We are your one-stop supplier in this regard: providing the machine, laser, automation, software and the certainty of having an extensive international service network.

Cutting Samples

Sheet Metal Laser Cutting Machine

The equipment meets the parts processing requirements of most industries, working accuracy is stable. Selecting the optimal force and supporting structure, the overall mechanical property of equipment is perfect. Adopting cutting-edge optical concept to improve cutting performance. High speed cutting, auxiliary loading and unloading and efficient production reduce labor costs. At present, laser cutting machines have been widely used in electronics, electrical, mechanical hardware, new energy lithium, packaging, solar, LED, automotive and other industries.

Working area	3000*1524mm
laser power	4000W/3000W/2000W/1500W/1000W
Max. linkage speed	140m/min
X/Y-axis Positioning accuracy	0.03mm
X/Y-axis Repositioning accuracy	0.02mm

Laser Cutting Machine (Acrylic/Wood)

Transmission	High precision FULO belt system
Work platform	Blade platform or honeycomb
Controlling software	Off-computer controlling system
Compatible software	Coreldraw AutoCAD Photoshop
Cooling mode	Water cooling
Auxiliary equipment	Exhaust-fan, air pump, water pump.
Minimum shaping character	English 1*1mm
Cutting speed	0-400mm/s due to different material
Engraving speed	0-600mm/s
Position accuracy	±0.03mm
Operating temperature	0-45 degree
Working voltage	AC110-220V ±10%/10A,50-60HZ
Power	2500W
Packing	Standard wooden board

Thickness of Laser Tube Cutting

Laser tube power	PMMA	Acrylic	Plywood	MDF sheet	Stainless
40w	5mm	3mm	0.5mm	0.5mm	-----
60W	15mm	8mm	5mm	4mm	-----
90W	15mm	10mm	8mm	7mm	-----
100W	20mm	20mm	10mm	9mm	-----
150W	30mm	30mm	18mm	12mm	1.5mm

Quality Control equipment

LaserQC[®] delivers bottom-line results.

Laser Fast (and Easy)

LaserQC[®] captures over 500 data points per second to make part inspections laser-fast, right on the shop floor.

Designed to set up easily so your system is up and running in less than a day. The intuitive user interface allows new operators to become fully proficient within just a few hours.

Laser Accurate

The system quickly performs 100% inspections accurate to $\pm 0.002''$ (0.05mm) for 2D measurements and $\pm 0.010''$ (0.25mm) for formed measurements.

Shop Floor Friendly

LaserQC[®] offers a reliable, low-maintenance solution that operates along side your facilities CNC equipment.

The system self-calibrates and adjusts system settings to accommodate for environmental changes common to the shop floor.

DFM Supplies **AUTOMATIC VOLTAGE REGULATOR**, Industrial Chargers/Rectifiers and distribute good quality **UNINTERRUPTIBLE POWER SUPPLY SYSTEM** to meet critical needs of sophisticated office, building and manufacturing companies.

Laser Engraving and Marking Machine

PCB Laser Cutting Machine

Fume Extractors

Features:

- Metal body structure, strong and durable;
- Noise reduction design, quiet operation;
- Triple-filter design ensures thorough purification;
- High-quality alloy fan achieves great suction power.

Features:

- With the intelligent control panel and digital display, operation becomes easy and simple;
- With the remote control, you can control the machine from a distance;
- Truly sensitive and effective Filter Clogging Alarm System reminds you to replace the filter in time;
- Wheels make the movement easy and flexible.

Noise	<52dB	<52dB	<52dB	<52dB
Dimensions(mm)	425 x 250 x 410	425 x 250 x 410	425 x 250 x 410	425 x 250 x 410
Weight	14kg	14.6kg	14kg	14.5kg

Applications: Soldering, Laser Marking & Carving, Moxibustion, Chemical Lab, Beauty Salon, etc.

Summary:

Waterun Fume Extractor is for cleaning of both particles and gases. It is designed to filter the harmful substances, such as hydrocarbon and cyanide, during the process of soldering, welding, laser marking & carving, 3D printing, mobustion treatment, ect. It catches harmful smoke with freestanding ducts and adjustable air flow volume to significantly improve the working environment.

Triple Filtering System:

Pre-Filter Cotton:

It filters large particles of dust, suspended particulates, bacterial viruses.

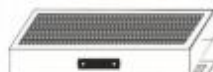

Pre-Filter

HEPA Filter (High Efficiency Particulate Air Filter):

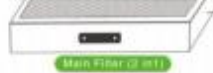

It filters more than 70 kinds of Micro-Pollutants, such as suspended virus, bacteria, fungus, pollen, asbestos, ect. The filtering efficiency reaches 0.3um / 99.97%.

Middle Filter

Active Carbon Filter:

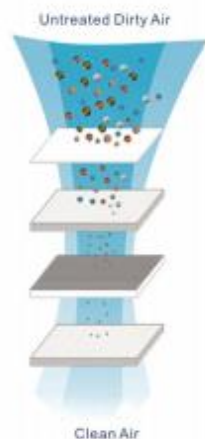

It effectively filters the common toxic and hazardous gases, such as formaldehyde and benzene.

HEPA Filter:

Double HEPA Filtering can prevent the active carbon powder flowing with the air out of the machine. It guarantees the perfect air cleanliness.

Main Filter (2 in 1)

Remarks:

1) Normally, we suggest the replacement period for filters as below:

Pre-Filter 1 month

Middle Filter 3 months

Main Filter 6 months

2) However, the replacement period can be adjusted as per the exact pollutants generated in different environment.

Desktop Fume Extractor

F800
(PN: W00446)

Features:

- Lightweight and compact design; save space and easy to move;
- Brushless motor ensures high speed with low noise, stable performance and long life time;
- The glass fiber filter can filter over 80 kinds of viruses, bacteria, microbe, etc;
- When the filter gets saturated, the built-in buzzer will give sound and light alarm in time;
- Two options for operation: with the duct or without the duct.

Applications:

Soldering, Small Laser Machines

Model	F800
Voltage	85V / 255V
Power	35W
Systemic Flow	75m ³ /h
Filtering Efficiency	0.3um 99.97%
Noise	<50dB

HYDRAULIC OIL

HYDRAULIC OIL 10

DFM HYDRAULIC OIL, is quality products exhibiting demulsibility capability for moderate duty hydraulic service. It has a viscosity index much higher than typical conventional antiwear hydraulic oils, provides excellent flow at low temperatures, and good oil film protection at high operating temperatures. Hydraulic oil is well suited for applications situated in environmentally sensitive areas.

HYDRAULIC OIL 32

HYDRAULIC OIL AW68

INDUSTRIAL/ COMPRESOR OIL

DFM compressor Oil has been formulated from highly refined paraffinic base oils and high performance additives to provide outstanding lubrication in a variety of rotary and reciprocating air compressors. All ISO viscosity grades are formulated with outstanding oxidation performance, wear protection, resistance to rust and corrosion, rapid water separation and foam control.

Did you know that viruses and other microorganisms can live on other surfaces besides your skin?

Not-so-fun fact: Your car keys, phones, documents and watches harbor more bacteria than a toilet seat. 🤮

You can pass those threats to other people too.

No need to worry! SaniStation can take care of that!

Kill off germs with the power of Ultraviolet light with our new SaniBox Series. This multi-purpose box uses the power of anti-microbial radiation to make sure you don't carry viruses around your home and office.

MULTI-FUNCTIONAL AND SPACIOUS

BUILT TO STORE AND DISINFECT A VARIETY OF HOME AND OFFICE ITEMS INCLUDING DOCUMENTS, JEWELRY, CASH AND MANY MORE. FIT ALL YOU CAN IN THIS 15.8 IN X 9.8 IN AND 6.9 IN SPACE.

PPE Premium Set 7 in 1 Level III

Features:

- non-woven technology, light weight and durability
- The seam of the coverall is sealed to make the sealing degree better, improve the protection performance
- The sleeves/pants are closed to ensure the sealing and sealing of key parts, and it is more suitable for wear and improve comfort
- Effective block light liquids and secretions
- Suitable for general isolation and individual protection

Type: Overall Type / Split Type

Size: 160, 165, 170, 175, 180, 185

Application: Provides the barrier and protection for the medical staff exposed to the patients' blood, body fluids, secretion and other sources of infection. Emergency rescue, epidemic prevention station, etc.

Level III - Medical Protective Coverall

Specifications:

- Anti-fog face shield
- Protect full face from droplets, saliva, splash, oil, dust.
- Good elasticity and lightweight
- Adjustable headband relieves pressure

Face Shield

Specifications: Helps filter out dust, bacteria, smoke and pollen
Comfortable Ear Hanging

- High Filterability
- Skin Friendly
- Disposable
- Melt-blown filter
- Non-woven Fabric

KN95

Scope of application: Used in medical institutions for protection during inspection and treatment, blocking liquid and blood splashing.

Features: Double-layer anti-fog treatment inside and outside the lens for better anti-fog effect. The frame is made of flexible polymer material, which is comfortable to wear. Can be shaped according to the face, with excellent Seal ability. Highly elastic mirror strap, suitable for various face shapes. Adjustable breather valve switch for comfortable wearing and anti-fog.

- Portable Cabin
- Field Office
- Mobile Clinic
- Toll Booth Cabins
- Prefabricated Shelter

Pre-fabricated cabins / FRP Cabins are used for different industrial as well as commercial purposes. These pre-fabricated cabins comprise the following features:

- Light weight
- Strong and Flexible
- Weather Proof
- UV Resistant
- Chemical Resistant
- Fire Retardant
- No Rust
- Stackable
- Anti-Algae /Low Maintenance

FRP Security Cabins

FRP MOVABLE KIOSK

This fully functional retail cart/kiosk unit has a beautiful blend of aluminum, fiberglass & FRP translucent sheet modeled in a typical contemporary style. Point of Sale desk, locking drawers, electrical plugs and a data line connector are included.

Specifications

Mobile Food Carts

- FRP multi-function, mobile food cart
- Beautiful shape
- Movable food cart with trailer

All the model of the products can be customized, the color and the size can be changed as the buyers requirements.

FRP PORTABLE WATER TANK & BIKE SHELTER

FRP Mobile Bike Parking Station

FRP Mobile bike station, a small trailer truck will serve as mobile bicycle shelters on designated bicycle lanes along Metro Manila.

FRP Portable Water Tank With Trailer

- With no joints or seams to leak or cause problems
- They will not rust, chip, peel or corrode and they have a unique ribbed design that gives the tank added strength.
- Economical way to add holding capacity for water in portable rescue situations.
- All of our trailers are built Heavy Duty to allow for a long life.

FRP Portable Supply Box

Features:

- With Trailer
- Customizable sizes
- Has great load bearing capacity
- Supply Box is made of Fiberglass
- Volume Capacity :
4.50 cum / 4500ltrs
- Dimensions:
Length : 2.30 mtr
Width : 1.40 mtr
Height : 1.40 mtr

MARINE SAFETY EQUIPMENT

50' x 9/32" 660lb test
15m x 7mm 300 kg test
Braided MFP Poly propylene floating rope ,
bright orange nylon and poly ester self-
draining bag comes with adjustable strap
and 3M reflective safety band

INFLATABLE LIFERAFT

Product Standard

- This liferaft is suitable for installing in vessels sailing on international voyages.
- It meets the requirements of (Regulations for the Statutory Surveys of Ships and Offshore Installations)
- Technical Regulations for the Statutory Surveys of Sea-going Ships surface
